## Fees and charges

There are three possible levels of fees and charges that can be levied to residents who are entering residential aged care after 1 July 2014.

**1. Basic Daily Care Fee** – This is the standard charge for every resident in aged care and is calculated at 85% of the single Centrelink pension.

Basic Daily Care Fee	Price
Standard rate	\$63.82

**2. Additional Services Fee** - For information about Additional Services refer to the [Additional Services Residents brochure](#)

Price
\$9.43 per day

**3. Accommodation Payment** - Only residents who the Department of Human Services determines to be non-supported will pay an Accommodation Payment.

There are four options for paying the Accommodation Payment. It is recommended that you seek professional financial advice before proceeding with any of the options listed below

Accommodation Payment Options	Price												
<b>Option 1:</b> Refundable Accommodation Deposit (RAD)	\$515,000												
OR													
<b>Option 2:</b> Daily Accommodation Payment (DAP) <small>(This figure is worked by the RAD of \$515,000 x 8.17% based on current interest rate divided by 365 = \$115.28per day)</small>	\$115.28												
OR													
<b>Option 3:</b> Combination Payment of RAD and DAP This assumes 50% of the accommodation has been paid as a lump-sum	\$257,500 (RAD) and \$57.64 per day (DAP)												
OR													
<b>Option 4:</b> Flexible Deduction of the Accommodation Payment  If you choose option 3 above, then to make it more convenient for you to enter care, we offer you the ability to pay a smaller Refundable Accommodation Deposit and have your ongoing Daily Accommodation Payments deducted from this original amount.  Like any financing arrangement, there is an interest cost that is included in this option (currently 8.17%)	In the example table below, an initial refundable accommodation deposit of \$257,500 can be paid on admission and then each year the daily payments are deducted from this figure. This process means that you do not need to find regular daily accommodation payments. The example shows that you will be able to live in our facility for over 5 years before the need to find additional funds for your accommodation. <table border="1" style="width: 100%; border-collapse: collapse;"> <tbody> <tr> <td>Initial refundable deposit</td> <td style="text-align: right;">257,500</td> </tr> <tr> <td>Balance after year 1</td> <td style="text-align: right;">235,658</td> </tr> <tr> <td>Balance after year 2</td> <td style="text-align: right;">211,964</td> </tr> <tr> <td>Balance after year 3</td> <td style="text-align: right;">186,259</td> </tr> <tr> <td>Balance after year 4</td> <td style="text-align: right;">158,375</td> </tr> <tr> <td>Balance after year 5</td> <td style="text-align: right;">1248,124</td> </tr> </tbody> </table>	Initial refundable deposit	257,500	Balance after year 1	235,658	Balance after year 2	211,964	Balance after year 3	186,259	Balance after year 4	158,375	Balance after year 5	1248,124
